

# Veronica's Rocknight

at the Ahoy Hal, Rotterdam, Holland  
September 21st, 1984

Organized by the Dutch (*former pirate*) radio station turned tv/radio network Veronica, the '84 Rocknight line-up consisted of Sade, Level 42 and Talk Talk. It was broadcast live on radio and tv and was hosted by Adam Curry, of MTV fame, who did all the introductions. The show started around 11pm and went on until 3am. The CD you are listening to was made from my cassette of the original radio broadcast. The audio was mastered for cd by Winston Walker.

## The Coronet, Woolwich

*Eyes Waterfalling - Kansas City Milkman - Dune Tune*  
On March 30th, 1985 Level 42 were booked in at Woolwich, London, followed by Reading and Chippenham. These dates were primarily to record a live double album, 'A Physical Presence'. These performances of 'Eyes Waterfalling' and 'Kansas City Milkman' were not used, while 'Dune Tune' was cut from the LP altogether, making it a rare treat.
